

# Titus County Appraisal District 2022 Annual Appraisal Report

## Introduction

The Titus County Appraisal District is a political subdivision of the state of Texas. The Constitution of the State of Texas, the Texas Property Tax Code, and the Rules of the Texas Comptroller's Property Tax Assistance Division govern the operation of the appraisal district.

## Mission Statement

The main objective and primary purpose of this district is to provide uniform methods to establish fair and uniform equitable market values for all types of properties located within the boundaries of Titus County for ad valorem purposes in a professional, ethical, economical, and courteous manner and to inform local property owners of their entitlement of rights and remedies under the law. The laws and rules can be found in the following guidelines:

- The Property Tax Assistance Division of the Texas State Comptroller's Office
- The International Association of Assessing Officers
- The Uniform Standards of Professional Appraisal Practice
- The Texas Property Tax Code

## Governance

The Appraisal District is governed by a Board of Directors with the primary responsibilities to:

- Establish the district's office
- Adopt its operating budget
- Contract for necessary services
- Hire the Chief Appraiser
- Appoint the Appraisal Review Board members
- Provide advice and consent concerning the appointment of the agricultural advisory board
- Approve contracts with appraisal firms
- Make and adopt general polices on the operations of the district
- Biennially develop a written plan for the periodic reappraisal of property in the district

To be eligible to serve on the board of directors, a person must have resided within the boundaries of the appraisal district for at least two years prior to their appointment. The board is appointed by the taxing entities in the appraisal district boundaries. The Appraisal District boundaries are inclusive of the county boundary lines.

The **Chief Appraiser** is the chief administrator of the Appraisal District and is hired by the board of directors.

**Appraisal Review Board** members are appointed by the local Administrative Judge to settle value disputes between the property owner and the appraisal district. They serve staggered terms and may serve consecutive terms. The Comptroller of Texas approves curricula, provides materials, and supervises a comprehensive course for training and education of the Appraisal Review Board members and issues certificates for each member completing the requirements.

The **Agricultural Advisory Board** is appointed by the Chief Appraiser upon the advice and consent of the board of directors. The Agricultural advisory board shall advise the Chief Appraiser on the valuation and use of land that may be designated for agricultural use or that may be open space agricultural or timber land within the district. A member of the Agricultural Advisory Board is not entitled to compensation.

### **Taxing Jurisdictions**

### Appraisal Operation Summary

In compliance with the 2021-2022 Re-appraisal Plan, the real properties located in Region 2 and 2C which are predominantly north of Interstate 30 along with personal property which require

annual re-appraisal were systematically inspected or reviewed using all the tools and mechanism afforded the district. The main focus of the inspection developed around the class, recognized condition, configuration, and all characteristics of the improvements, land, and personal property.

Throughout the district, efforts were made to identify, gather, and appraise properties with new construction, locate demolished or removed properties, locate and value manufactured housing, along with continued review of commercial and industrial property.

Properties were adjusted when necessary to reflect the market trend which was recognized by the sales data gathered and analyzed for the county. No adjustments were made to properties which fell out of the trend or had not data to warrant changes.

The district continues to secure sales data and information to maintain and calculate an internal ratio analysis to justify the appraisal changes for each appraisal year. While the supply of sales data is good the district is not overwhelmingly inundated with data.

The below chart for an overall median or weighted mean represents the data available:

Mean Level of appraisal	1.0209
Median Level of Appraisal	1.0060
Weighted Mean	.9975
Coefficient of dispersion	11.2779
Price Related Differential	1.0234
Number of observations	289

**Property Discovery** The district utilizes the following construction mechanisms to help locate new property:

- City building permits
- Filed mechanics liens
- Mobile home installation reports
- Septic Tank permits
- Field inspection discovery
- General Public communications
- Aerial photography
- Homestead / Agricultural applications
- Recorded instruments from the courthouse
- Building plans
- Utility companies
- Mobile Home statement of location
- Newspapers, Sales Brochures and Magazines
- Telephone directories

## New Construction

The use of the above resources and tools added approximately \$64,876,299 of market value to the appraisal roll for 2022.

## Exemption Data

Property owners may qualify for a variety of exemptions as provided by the Texas Constitution. Some of the most commonly occurring exemptions are described below. Other less common are available and described in the Texas Property Tax Code, Chapter 11.

## Residential Homestead

The following chart represents the total exemption amounts available to homeowners.

Titus County, Mt. Pleasant ISD, Chapel Hill ISD, Harts Bluff ISD, Pewitt ISD, Daingerfield ISD and Rivercrest ISD homestead applications for the 65 and older property owner, the disabled property owner, and surviving spouse of each of those (if the spouse is 55 or older) creates a tax ceiling prohibiting increased taxes on the homestead on existing buildings. An increase in the market trend does not increase taxes for these types of homesteads. (Any new value added to the home site will cause the ceiling to be readjusted in the next tax year.) Homestead exemptions available on 20 acres with home.

All homeowners with qualified homesteads are subject to the placement of a homestead cap which prohibits the increase of taxable value on the homestead property to ten percent per

year. The homestead cap is removed in increments each year or completely at the time of owner transition. Market value can still be reflective of the local real estate market.

### **Disabled Veterans**

In addition to the residential homestead exemption allowable to disabled veterans with a 100% service-connected disability, disabled veterans are allowed a general exemption on any property they own based upon the percentage rating as determined by the Department of Veterans Affairs. Current exemption amounts, as based upon these ratings are:

<u>Percentage Disability</u>	<u>Exemption Amount</u>
10-29%	\$ 5,000
30-49%	\$ 7,500
50-69%	\$10,000
70-100%	\$12,000

If the disabled veteran is 65 years of age or older, totally blind in one or both eyes, has lost the use of one or more limbs the exemption amount is \$12000 off the assessed value of the property. A surviving spouse is entitled to an exemption of \$5000 from the assessed value of the property.

### **Other Exemptions**

- Cemetery Exemptions
- Religious Organizations
- Charitable Organizations
- Veteran’s Organizations

Several other less frequently occurring exemptions are allowable and described in the Chapter 11, Property Tax Code.

### **Appeal Data**

Appraisal notices are typically mailed to property owners if:

- The appraised value of the property changes from the prior year
- The appraised value is greater than the value rendered by the property owner
- The property was not on the appraisal roll in the preceding year
- The property has had a change in ownership

\*In 2022 approximately 23,312 notices were mailed. Of these notices approximately 1,988 parcels were formally protested.
